TOWN LOCATED ON CRATER OF EXTINCT VOLCANO DESTROYED BY ERUPTION AND ALL LOST

Not Earthquake Or Mountain Slide that Killed Inhabitants of Karatagh, it is Believed

Berlin, Oct. 31.—A volcanic eruption, not an earthquake or mountain slide, annihilated Karatagh, Turkistan, and wiped out practically its entire population, according to advices from towns a hundred miles from Karatagh. The town stood over the crater of an extinct volcano, which, when the volcano broke loose, entirely destroyed it. It is said corpses were consumed, millions of tons of earth and rocks having been hurled into the air by the volcano.

HITCHCOCK RUNS FROM CHARGE OF ABUSING GIRLS

New York, Oct. 31.—The police as yet have not found Raymond Hitchcock, the actor, who was indicted for being charged with a series of crimes in the alleged maltreatment of young girls. He disappeared yesterday. Flora Zabelle, his wife, is ignorant of his whereabouts. Hitchcock's understudy played in the matinee and night performances yesterday.

Colored Teachers' Association. Last Saturday seven of the county teachers, thirteen of the city teachers and three ex-teachers met at the colored Methodist church, the occasion being the County Teachers' association. An interesting and profitable program was rendered. The next meeting will be held at High Point the third Saturday in November.

Will Bring Body Here. Positive identification of the negro in Keokuk, Iowa, who killed himself in jail, as Levi James, of Paducah, called a brother of the dead prisoner away yesterday to bring the body home. James' father works on the steamer Dick Fowler and when news reached the city of his son's suicide, wrote for more definite information before sending for the body.

Hager at Smithland. Smithland, Oct. 31. (Special)—Hager was here yesterday afternoon, and addressed a very small crowd. He confined himself to the remark he has made throughout his campaign, and was woefully dark on the subject of the tobacco trust's contribution to the Democratic campaign fund, a subject the local people should have liked to have been enlightened upon.

Ute Indians Are Quiet. Washington, Oct. 31.—The Ute Indians, who have been raising a disturbance in the Cheyenne reservation in South Dakota, are now quiescent, according to a telegram to the war department, today from Capt. Johnson of the Tenth cavalry, who was sent to appease them. He is to have a conference today with the head men.

BROTHER SLAYS BROTHER WHO ABUSED FATHER. Evansville, Ind., Oct. 31.—At Tell City, Ind., tonight Charles Hughes shot and killed his brother, Mortimer Hughes, a painter, aged 26 years. Mortimer was intoxicated. It is said, and was abusing his aged father, Captain Edward G. Hughes, when Charles rushed in with his gun and fired. Charles Hughes surrendered to the officials.

DIES AT STATION

Mayfield, Oct. 31. (Special)—Mr. Samuel Baugherty, a prominent Mayfield citizen, and a traveling representative for the National Clothing company, died this morning in the station here, as he was being taken home from the west, where he had been on a business trip through his territory. Mr. Baugherty left here three weeks ago, apparently in good health, but Bright's disease developed a few days after he left and his condition was at once serious. Arrangements have been made for the funeral, but it will be some time tomorrow.

Mr. Bryant Denies That He Made Statement Credited To Him By News-Democrat in Last Evening's Paper

The latest campaign he is being promulgated to the effect that Thos. H. Harrison, Democratic nominee for mayor of Paducah, had promised Messrs. Engle & Bryant, the Second street grocers, that if this firm would support him for mayor he (Harrison), if elected, would influence the city's patronage to them. Without making inquiry of Mr. Harrison a representative of the News-Democrat asked Mr. Bryant if the statement was true. Mr. Bryant's reply was that this was a base fabrication in its entirety, and that Mr. Harrison did not, nor did anyone for him, ever directly or indirectly intimate such a proposition to his firm. In fact nothing could have occurred which could have given the least semblance of an excuse for such report. Statements of this nature will doubtless come thick and fast during the closing days of the campaign, and it will be the endeavor of this paper to fall as many of them as discovered as soon as they are given publicity.—News-Democrat.

This Tells Who Made Proposition.

It was with difficulty Mr. Will Engle was induced to make the statement concerning the episode which follows. Engle & Bryant Democrats and supported Harrison in the primary, but they told a few friends confidentially about it and the facts leaked out. They were called on by numerous people, and The Sun made several attempts to induce them to talk for publication. They persistently refused, because they did not wish to engage in a political controversy. They are reputable business men; they stand in the community personally and in a business way, and regretted they had even mentioned the incident to any

ANOTHER OFFICER TO ASSIST BLAKE IN RECRUITING

The number of recruits received at the local station of late has grown so large that an assistant has been sent here to aid Sergeant Blake, who is in charge. The new man is Corporal George W. Putney and he entered upon his duties this morning. Captain William Reed, who is in charge of the recruiting service in this district, will be here this afternoon to enlist four men who have been accepted for the service and they will be sent to Jefferson barracks, Mo., to be assigned to the different parts of the service.

Two of the men, Oscar Renney, of Ledbetter, and Leonard O. Peck, of Salem, Livingston county, have three years' army service to their credit. They have been assigned to the coast artillery service. Mr. Peck, however, has been granted a three months' furlough before he enters into the service. The other recruits are: Walter Flecklin, of 1711 Clay street, Paducah, and Robert W. Nelson, of Harrison, Marshall county.

THE REGISTRATION

A total of 115 voters were registered Monday, Tuesday and Wednesday at the county clerk's office, of which 72 were Democrats, 42 Republicans and one independent.

MR. HALEY'S PRIZES

A letter, received by a friend in Paducah from Mr. E. H. Haley, Murray horseman, who is exhibiting his string of thoroughbreds at the Texas state fair and horse show at Dallas, Tex., states that he has captured a number of prizes with his stock. He sides the two fine horses, Hesfield and Surrey, which he exhibited here at the late show. Mr. Haley carried several horses with him to Texas that he recently purchased in the Blue Grass.

Depot Burned.

The N. C. & St. L. depot at Elva, Marshall county, 16 miles below Paducah, was destroyed by fire yesterday morning, the origin unknown. The loss will be about \$1,500, including the value of a small amount of freight stored in the freight department.

Mr. Ernest B. Coyle, of Louisville, instructor at the skating rink at Tenth street and Broadway, has arrived and is ready to resume his duties. He has been skating instructor at the Princess rink in Louisville and

The election of a competent city prosecuting attorney is next in importance to that of mayor, and the voters should not forget this. The record of the present incumbent, Tom Harrison, Democratic nominee for mayor, shows how the duties of the office are neglected. On important occasions the city has had to seek outside assistance to handle its cases, as the Boyle case, now in the court illustrates. The Republican nominee for city attorney is Arthur Martin, a young man of marked talent, who has achieved a substantial reputation at the local bar. Mr. Martin promises to see that the laws on the books are enforced, or know why, and that there will be no compromise with lawlessness in any form.

Mr. Ernest B. Coyle, of Louisville, instructor at the skating rink at Tenth street and Broadway, has arrived and is ready to resume his duties. He has been skating instructor at the Princess rink in Louisville and

No representative of the News-Democrat ever asked Mr. Bryant or Mr. Engle, either, any such question as is stated in the foregoing extract from the News-Democrat, nor did Mr. Bryant make any such statement as is credited to him.

This assertion is based on the positive declarations of both Mr. Engle and Mr. Bryant this morning. Furthermore, since the subject is opened, a Democrat worker close to Tom Harrison, did go to a member of the firm and offer him the contract for supplying the city institutions with groceries on condition that the firm should support Tom Harrison for mayor, and this representative made the bold assertion, that whatever he did "Tom Harrison will stand by."

Furthermore it is safe to assert that the News-Democrat will not send a reporter to interview either member of the firm, ask them if it is a man claiming to be a representative of Tom Harrison, made the proposition to them, and quote the exact words of either Mr. Bryant or Mr. Engle.

Not only this, but another grocer was in the store early this morning demanding to know for certain whether Tom Harrison, himself or through another, had offered them the contract, and appeared to indicate that he was expecting some reward from the "kitchen esbene." How many other grocermen have been offered the contract, in the event of Harrison's election, we don't know yet.

That Interview.

"Did any News-Democrat reporter interview you about the report that Tom Harrison had offered you a city contract in return for the support of your firm?" Mr. Bryant and Mr. Engle were asked this morning by a reporter of The Sun.

"No reporter for the News-Democrat interviewed us," they both replied.

"Did anybody ask you about it?" was the next question.

"Scores of people."

"Did anybody inquire of you in such a manner as to lead you to believe your statement to him was the basis for the statement in the News-Democrat last night?"

"Yes, a certain butcher asked me that direct question," said Mr. Bryant.

"What question did he ask you?"

"He asked me if Tom Harrison had offered me the city grocery contract, and I answered his question as directly as he asked it. I said Tom Harrison never offered me the contract—and TOM HARRISON never did."

"Did you say to this man, 'None anyone for him (Tom Harrison) ever directly or indirectly intimated such a proposition to your firm?'"

"I did not."

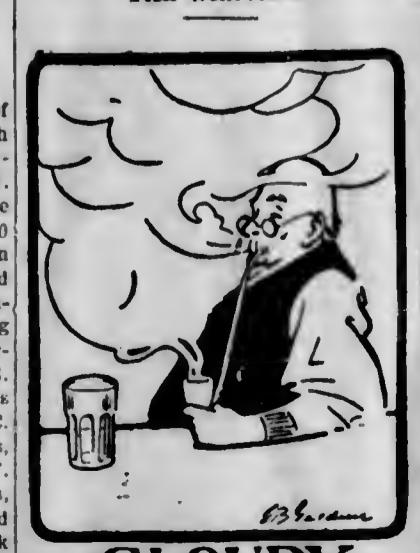

"If a reporter for the News-Democrat should ask you if you, claiming to represent Tom Harrison, ever approached you with such a proposition, would he get a different answer?"

"He would."

This whole affair is an example of the manner in which the campaign is being conducted. If the News-Democrat had thought Engle & Bryant would give it the kind of information it desired, it would have sent a real reporter to interview the members of the firm, and they would have been quoted.

The Sun knew of this story a long while ago and has been endeavoring to induce the members of the firm to give out an interview. They demurred, because they did not wish to be dragged into a political controversy. The Sun, knowing positively the truth, respected their wishes until the News-Democrat misrepresented a member of the firm, that they reluctantly gave out the facts as here recorded under process of cross-examination.

La Follette 1908

SENATOR ROBT. M. LAFOLLETTE

Madison, Wis., Oct. 31.—The La Follette boom for the Republican nomination for the presidency was formally launched at a conference of fifty prominent Republicans of the state here today. A campaign committee was appointed consisting of three members from each of the eleven congressional districts of the state. This committee elected an executive committee of nine members which will have active management of the campaign, both in Wisconsin and in other states.

The name of the committee is the "La Follette presidential committee." This committee elected an old man, was elected chairman, Assem Hyman, II. L. Ekern, of Whitefish, secretary, and State Treasurer A. Y. Dahl, of Westby, treasurer. These with the following compose the executive committee: John H. Puelich, Alfred W. Rogers, Madison; Walter Owen, Malden Rock; Harry C. Martin, Darlington.

TELEGRAPHERS MAY END STRIKE THIS AFTERNOON

Chilego, Oct. 31.—Definite steps may be taken by tonight formally to end the telegraphers' strike. The executive committee is here waiting for a report from the committee sent to New York to confer with the officials of telegraph companies. If the report is unfavorable, the executive committee will issue an order to all locals to vote on ending the strike.

GALVESTON STORM

Houston, Oct. 31.—Galveston was again ravaged by a storm that assumed cyclonic proportions Tuesday night. John L. Sullivan, who was there, summed up the matter by saying, he thought the city had been blown to hell! Rain fell Monday afternoon, and by dusk torrents increased in power and wind in velocity. During the night Mallory docks were greatly injured and nearly all the sheds blown down. Many buildings were unroofed and plate glass windows smashed, and water ran through the streets in torrents. The sea wall held back the gulf. Telephones are out of commission, and there was no communication except by rail. This service was delayed. In Houston rain fell in torrents, stopping the cars, electric lights and

Big Meeting of Growers Being Held at Shelbyville to Discuss Situation in Two States

Owensboro, Ky., Oct. 31. (Special)—A meeting of the peaceful army was held in this city last night. A decision was reached to make another tour of Daviess county. It is reported that those growers who do not want to pool their tobacco, will swear out peace warrants in case any intimidation is threatened. The army is proceeding through McLean county with some success.

Finally Pooled Crop.

Milton, Ky., Oct. 31. (Special)—John Stockdale, a farmer, attempted to deliver tobacco to a Madison firm, but neighbors forced him to stop. He finally pooled his crop.

Tobacco Growers Meet.

Shelbyville, Ky., Oct. 31. (Special)—More than 5,000 tobacco growers from all parts of Kentucky and Tennessee were here today at the meeting of the National Tobacco Growers' association and the greatest enthusiasm was manifested by the large crowd. The old Shelbyville fair grounds was the scene of the meeting and in addition to the business of the day there was a grand barbecue with the feast prepared by Gus Jaubert, the master of his profession.

One of the chief features considered at the meeting was the question of whether the burley crop should be dispensed with in 1908 and a particular stress was laid upon that point. Before the meeting it was arranged that all of those in attendance who favored a crop in 1908 should wear a blue badge while all who opposed a crop in 1908 and who were against lawlessness in any form should wear the white badge. It is needless to say the white badge is flourishing in all its glory, while the blue badge is not to be seen.

The action of the executive committee of the Burley Tobacco Growers' association at Winchester last night in approving the plans for doing away with the 1908 crop was up for ratification and the situation in the dark belt as well received a large amount of attention, the growers from that section of the state reporting that the conditions were favorable to their organization and that even the stemming district has about been brought into the fold.

In addition to business of a regular order a number of speeches were made by orators of exceptional ability.

Shelbyville, Ky., Oct. 31. (Special)—At the national tobacco growers' meeting today report of the secretary showed 600,000,000 pounds of tobacco of all kinds pledged by all associations, leaving only 200,000,000 unpledged in the entire country.

Shelbyville, Ky., Oct. 31. (Special)—The National Tobacco Growers adopted a resolution, endorsing the action of the burley men to eliminate the crop of 1908. The action will strengthen the Green river delegates in a pin to follow the same proceeding and may result in all branches doing likewise. The convention also denied the right of the trust to go into the fields and buy, and to control prices. They endorsed C. M. Barnett, president of the Society of Equity, and pledged their support.

SOME STATEMENTS REGARDING NEW THEORY

FOLLOWERS OF COOPER AND HIS NOVEL IDEAS GIVE REASON FOR THEIR BELIEF IN HIM.

With a theory that human health being well again when I read of Mr. Cooper's remedies. I decided to give them a trial, and I began to feel better at once. After taking the medicine for two weeks I can say that I am a new woman. I can eat with enjoyment, the pains in my body have left me, and I am stronger than I have been for years.

"I cannot say enough for Mr. Cooper's remedies. They are wonderful, for they have done everything claimed for them in my eyes."

Another statement by Mr. W. B. Stewart, 109 W. Madison St., Chicago, is as follows: "I have had stomach trouble for years, and any one who is afflicted this way knows what an awful distressed feeling it causes. Many a time I have felt that I would give most any price to be cured. It was by accident that I heard of this man Cooper's remedies. I immediately made up my mind to buy a treatment from him. I used it for about two weeks, and it is impossible to tell how much good it has done me. I feel altogether different, I have more life and energy than I have had for years. This malady certainly does stimulate and strengthen the whole system. Tired feeling and weak condition of the stomach has entirely passed away. I feel well again."

We sell Cooper's celebrated medicines which have made this wonderful record in all parts of the country. W. B. McPherson.

Land Life Preserver.

A motorist was showing off his car to an old sea captain, whose knowledge of recent developments on terra firma is somewhat hazy.

"How fast can she travel?" asked the captain.

"Fifty miles an hour."

"Off the wind?"

"Either off or on," said the owner. His eye caught the steering wheel. "Is that yer wheel?" he inquired.

"Yes."

"Then where's yer compass?"

"Don't use one."

"Oh! She don't work like a boat, then?"

"Quite different."

Again the captain grunted as his eye wandered over the snorting contraption, until he caught sight of the

extra tire fastened on behind, when he demanded triumphantly:

"Now, if she ain't like a boat, why in the name of Davy Jones do you carry that life preserver?"—Tic Bits.

INDIANS HAVE STRONGEST TEAM

NO ELEVEN IN EAST CAPABLE OF BEATING CARLISLE

Football Fans Looking Forward to Redskins' Games With Minneso-sota at Chicago.

SLUMPS OF THE BIG TEAMS

New York, Oct. 31.—To all appearances Carlisle will be proclaimed champion of the football season of 1907. At any rate there is no team in the east today capable of besting Glen Warner's Indian braves, and for the west, they are so fast that lumbersome, beefy Minnesota, or even the Wizard Stags pupils of the Midway will be unable to cope with the redskins.

Carlisle has a wonderful team. The Indians present the new game in all its magnificence, and yet the new game presents to the spectator the possibility of witnessing football as much as it does to the officials.

The game between Carlisle and Pennsy Saturday demonstrated two facts—the one that the Indians are wonderfully fast, and the other that they are very, very much addicted to playing foul football—holding and slugging. If they carry the latter tactics as far as Minneapoli, Williams' Gophers will teach the redskins a few points at this game.

From a football standpoint Pennsylvania was woefully outclassed Saturday. Carlisle played around, between and under the Red and Blue men as if they were a lot of high school boys. The Indians boxed the Pennsy ends easily; worked the forward pass many times, on one occasion for forty yards; and last, but not least, showed to America that, besides Mt. Pleasant, there are three other men on the team who can send the oval from placement equally as well as Mt. Pleasant.

Saturday afternoon Carlisle and Princeton mix on the historic polo grounds. With the ghosts of McGraw and Frank Chance flitting around the batters' box, the Tigers of old Nassau and the crafty red man will undertake the task of annihilating one another. It won't be necessary to call out the New York police to start the game, but, rather, the militia to separate the eleven prances. Princeton has a woefully weak team this year. Old Nassau needs all the Poos, the DeWitts, and men who have made their football history to save her from defeat—all the feline sagacity of the tiger. But on paper it appears as if the Indians will take back to Carlisle about three or four skins.

Considering the surprises of the present season, one is led to ask: Have the big teams of the east begun to deteriorate in their work? Some might answer in the affirmative, but such is not the case. The surprise only means that the new rules have given the smaller colleges, the lighter teams, an opportunity to meet their opponents on a more equal basis. Saturday afternoon Carlisle and Princeton mix on the historic polo grounds. With the ghosts of McGraw and Frank Chance flitting around the batters' box, the Tigers of old Nassau and the crafty red man will undertake the task of annihilating one another. It won't be necessary to call out the New York police to start the game, but, rather, the militia to separate the eleven prances. Princeton has a woefully weak team this year. Old Nassau needs all the Poos, the DeWitts, and men who have made their football history to save her from defeat—all the feline sagacity of the tiger. But on paper it appears as if the Indians will take back to Carlisle about three or four skins.

MIGHTY COLD AT AN ALTITUDE
OF 16,000 FEET.Balloon With Thermometer Went Up
There and Recorded Tem-
perature.

That a balloon has reached a height of 16,000 feet, and there recorded a temperature of 111 degrees below zero, Fahrenheit, was one of the statements made by Prof. A. Lawrence Rotch, of the Blue Hill observatory, Boston, at the meteorological congress today. Prof. Rotch told of his long series of experiments with miniature balloons for the purpose of testing the currents and temperatures at high altitudes.

The balloons carrying special instruments for recording the distance traveled, the altitude and temperature. When at a great height the balloon explodes, and the parachute, carrying the instruments and records, floats down to earth. Practically all of the temperature balloons have been sent up from St. Louis. The longest flight was 155 miles.

Prof. Rotch said that his experiments showed that at eight miles from the earth the temperature, which had been falling rapidly, began suddenly to rise again. Similar warming strata had also been discovered over Europe, he said.

The United States weather bureau is to continue the experiments throughout the country, to investigate the origin of storm areas and cold waves.

Desar Ebdosh, winner of the recent international race, today received a message from Emperor William congratulating him on the victory.

RUSH TO SHERIFF'S
OFFICE TO PAY TAXES.

Sheriff John Ogilvie kept his office open last night for the accommodation of taxpayers and experienced a brisk run. He will keep open again tonight. The penalty goes on November 1 on all taxes unpaid, and on the 1st of November the list of delinquents will be turned over to the county clerk to issue warrants for collection of back taxes. The sheriff has collected \$100,000, and only about \$25,000 remain to be collected.

Immigrants.

Immigrants are still pouring into the country as if "unexampled prosperity were to become even more unexampled." September's arrival numbered 28,631, compared with 25,341 in the month last year. Some of these people may be hunting for passages back home are long, as business men often circle out from the financial centers over the country. The demand for labor cannot, of course, continue unlimited when the supply of uninvested capital is so restricted as at present. Evidently, however, the view prevails in Greece that the average American will economize in short sailing last of all; for the feature of present immigration is the uncommonly large number coming in from that classic land. Immigration from Greece last month numbered 4,176 against 2,430 in the same time last year. — Springfield Republican.

Small Fire in Engine Room.
The Nos. 1, 2 and 4 fire companies were called to the plant of the West Kentucky Coal company, Seccard and Ohio streets, last night at 11 o'clock. The coaling from the stove was discovered in the engine room but firemen extinguished the blaze before it had done much damage. Total damage will amount to less than \$100. It is estimated, fully covered by insurance.

RAILROAD NOTES

There is contention as to which division of the Illinois Central captured first prize for the best mile of track on the system, and Peoria division officials are either trying to play a joke at the expense of Sup't A. H. Egan, of the Louisville division, or else the popular official failed to take first prize this time.

Yesterday afternoon Mr. Egan received a telegram from Peoria division officials saying that the Peoria division had captured first prize for the best mile of track over the Louisville division by one-half per cent. The only division standing aay show against the latter division is the Peoria division, which captured first prize one year after the Louisville division had taken it for several years.

Yesterday it was tipped that Mr. Egan's division had taken first prize but no official announcement will be made of the successful division until inspectors get back to Chicago and present a formal report of grades. The telegram received yesterday in Superintendent Egan's office created

ready felt confident of victory.

Mechanics in Paducah Illinois Central

shops take the cut in working hours philosophically, and little complaint is heard. The machine shops have been on a nine-hour work day and the cut lopped off one hour. The wood working shops have been on a ten hour day and will be reduced to nine hours. However, in midwinter the woodworking shop is cut still more, on account of early dusk. Mechanics are thankful that no cut in forces is to be made, having enjoyed a full winter force for two years with out the interruption of a cut.

Mr. Fred Flanagan, the popular Il-

inois Central machinist, whose home

is in Omaha, Neb., is able to be at

work again, but is still stiff and sore

from his 'possum' hunt of two

nights ago. Flanagan had never been

'possum hunting before, and his

friends took advantage of his igno-

rance and nearly walked him to

death. It is declared that in one mile

of fence he climbed over 20 times,

and it was not until he was completely

fagged out that he discovered he

had been sealing the same fence. Six

'possums alighted on his hands a little

and Flanagan declares he wants no

Traveling Engineer Lloyd Grimes,

of the Tennessee division of the Illi-

nois Central, arrived from Fulton

this morning.

ber 1, the nine-hour work day will go into effect in Paducah Illinois Central, which will mean many hundred dollars less wages to employees.

The reduction in working hours was predicted in The Sun two weeks ago. This affects all shops but not the clerical forces.

MINOR ACCIDENTS

A. C. Phelps, 26 years old, a well known Illinois Central car repairer, let a brake hanger fall on his right hand and crushed his finger.

Arthur White, colored, a laborer at the coal hoists in Paducah Illinois Central shop yards, stepped on a lump of coal and was thrown to the ground, sustaining severe bruises.

PASSING OF A FAMOUS BRIDGE

At last the old bridge over the Golden Horn at Constantinople is about to be done away with and replaced by a new structure. An amus-

ing tale is told in connection with the efforts of an American firm to

secure the order. With a view of im-

pressing the sultan with the quality

of its work an elaborate painting

was prepared for presentation to his

majesty showing the bridge as it

would appear during a storm which

would have done credit to the At-

lantic. However, the firm was in-

formed that the sultan would be so

horrified by this view that it at once

prepared a picture showing the

bridge as it would appear on a beau-

tiful summer's day. Even this, how-

ever, Reuter says, failed to effect its

True respect for the great body of
citizenship united under the name
of democracy, causes us to hesitate to
vote for the state machine as the
democratic party.

It does seem odd, doesn't it, to
let men to represent us in congress
and then employ a "people's lobby"
watch them? Whom shall we get
to watch the lobby?

While the local organ is abusing
those who went to the primary
and gave their party, and then find
themselves unable conscientiously to
vote for the political represented, it
ought turn its attention to some
one right in its own organization,
or about an organization that has
done itself to the domination of
Whitemore and lent itself to en-

pass the election of Eugene
Graves to the legislature, but the
machine leaders thought, in a
rightly, that any manipulation

is able to accomplish for the
rest of Graves will militate to the
advantage of the whole ticket. How-
ever, some of them have dis-

covered a dictator on, and
odd jobs for the benefit

by the election of A. L. Harper, while
they in turn are throwing things
about him. Have you observed how
the booting has all been for Graves
and Harper, with a little defense now
and then for Tom Harren?

INSULTING VETERANS.

So long as a Confederate ate vote as
he reports the Democratic ticket he is
to be revered annually; but when he
chooses to vote otherwise, he is cursed
and reviled and the wish is expressed
that he may speedily die. When an
administration paper eulogizes a hero
of the lost cause, do not be deceived
it is not because he was loyal and
brave and self-sacrificing in the hour
when sacrifice was demanded. It is
not because he was a Confederate
soldier. It is because he faithfully
lives up for the Democratic ticket.

The Kentucky State Journal in
its despatches, as well as itself,
now, affords me who has no pride
in being called a Kentuckian.

"Well, God in His infinite mercy
has spared old Sir John Bowles Bark
to force another life so long
upon the stage to a cold bier.

He is to be buried in the old
graveyard of the city hall, as
he died there.

"Just step into Morris' room, Carson,
and tell him I'm going up to the
morgue."

That's it. Strip off the coat of
honour. You old veterans live up
to your heroism for the lost cause
all your bravery in battle, your wounds
and heartaches count for nothing,
now, if you don't live up for the
Democrats.

"But I tell you I'm not—" I began,
when he interrupted me.

"You can't make that go here," he
said contemptuously. "And I'll tell
you what, Wilton, I shall have to take
you into custody if you don't come down
straight to business. We don't want
to chip in on the old man's play,

of course, especially as we don't
know what his game is." Detective
Coogan appeared to regret this ad-
mission that he was not omniscient,
and went on hastily: "You know as
well as we do that we don't want any
fight with him. But I'll tell you right
now that if you force a fight, we'll
make it so warm for him that he'll
have to throw you overboard to light
on ship."

There was a fine prospect conveyed
by Detective Coogan's picturesque
confusion of metaphors. If I persisted in
claiming my own name and person
I was to be clapped into jail, and
charged with Heaven-knows-what
crimes. If I took my friend's name,
I was to invite the career of adventure
of which I had just had a taste. And
while this was flashing through my
mind, I wondered idly who the "old
man" could be. The note I had received
was certainly in a lady's hand. But if the
lady was Henry's employer, it was evident
that he had dealt with the police as the
representative of a man of power.

My decision was of necessity
promptly taken.

"Oh, well, if that's the way you look
at it, Coogan," I said carelessly. "It's
all right. I thought it was agreed
that we weren't to know each other."

This was a chance shot, but it hit.

"Yes, yes," said the detective, "I
remember. But, you see, this is serious
business. Here's a murder on our
hands, and from all I can learn
about it, it's a capital offense."

Perhaps, having overheard my
source of information, the news-
Democrat, with wide eyes, com-
plained in detail to me that in the
three implements regularization date
was due. The day and where to go
were before the county clock of
justice and were to be arranged
for registration, and every-
thing else.

ocratic candidate for governor of

PEOPLE AND SOCIAL EVENTS

Beautiful Wedding and Reception.

Beautiful in every detail of arrangement and impressive in its solemnization was the wedding of Miss Ned Holland and Mr. Paul Province last evening at the home of the bride's uncle and aunt, Mr. and Mrs. Ell G. Boone, 308 South Sixth street. The ceremony was witnessed by a limited number of especial friends and relatives and took place at 8:30 o'clock. The reception hall, where the impressive words of the ceremony were pronounced, was in the bridal colors of white and green. An octagon end effectively arranged as a chancel where the bridal party stood, was especially beautiful with its adornments of trailing vines of southern smilax, palms and ferns on pedestals. The background was a tall pedestal with a five-pronged silver candelabrum. On either side were pedestals with gorgeous plants of the Japanese white chrysanthemums. The prayer cushion was of white and green. Verd brass lamps, electric lighted, with Roman shades, were hung under the vines over the altar and between the Ionic columns that separate the hall from the library. The bridal procession descended the stairway, which was a beautiful effect in the southern smilax almost concealing the balustrade. The ribbon bearers, little Misses Adine Corbett and Mary Terry Burnett, came first and formed the ribbon aisle from the stairway to the altar for the bride and bridegroom, who were preceded by little Susan Porter Sleeth, bearing the ring on a silver tray. The scene at the miniature church was charming in its simplicity and grace. The Rev. S. H. Moore, D. D., of the First Christian church, pronounced the ceremony, using an impressive ring service. For the processional Deaf's orchestra rendered the Mendelssohn wedding march, "Call Me Thine Own" was played during the ceremony and "Lohengrin" at the close.

The bride, a gracious and graceful girl, looked especially charming in her wedding gown, a beautiful creation of imported hand-made lace over chiffon over silk, made with a bolero effect. She wore the bridal veil and her only jewel was a gift from the bridegroom, a heart of pearl and diamonds. She carried a shower bouquet of bride roses and lilies-of-the-valley. The two ribbon girls, of striking beauty type, wore pretty finger lace frocks unrelaxed by any touch of color. Little Susan Porter Sleeth was a vision of childish grace. In a dainty white baby dress of wash chiffon over pleated and rows of lace were inset. A bertha of real lace and rosettes of violet baby ribbon completed the pretty costume, with white slippers and stockings.

The reception which followed the ceremony was thoroughly charming in all of its appointments. It was given by Mr. and Mrs. Boone in honor of Mr. and Mrs. Province, and to this a large number of invitations had been issued. The house, which has just been handsomely remodeled throughout was decorated with artistic taste by Brannon, the artist. The reception hall was a pretty mass of greenery with its profusion of southern smilax and ferns. The library was a scheme of yellow, Japanese chrysanthemums in pots and masses in vases were everywhere. Brass candelabra with shades of yellow lent a soft glow. The dining-room reproduced the bridal tones of white and green most effectively. White chrysanthemums, ferns and sunflowers adorned the handsome sideboard and mantel. The bridal was covered with a handsome lace cover. Ropes of smilax and ferns were laid over this, surrounding a tall crystal stand with the bride's cake. This was a large white chrysanthemum and was the creation of an artist in that line, Mrs. M. G. Corp. At the four corners of the table were four silver candlesticks with green and white minted confections. Openings off the dining-room is the rear hall, which was an especially pretty effect in pink. The punch table was arranged here in a bower of green vines. Festoons of pink tulip and green ferns were laid over the table and surrounded the large punch bowl of cut glass. Tall crystal vases of pink carnations and ferns were at either end, and silver candlesticks with pink candles and shades made a pretty illumination.

Recycling with Mr. and Mrs. Boone in the library were Mr. and Mrs. Thomas Edward H. H. Mrs. John Perry, of Hazel, is the guest of Mrs. William Gatlin, South Fifth street.

Attorney C. C. Grassham returned this morning from a business trip to Memphis.

Inviting the guests from the library to the dining-room were: Miss Ada Brazzelton and Mrs. Wurwick M. Cowgill, of Lincoln, Neb. Dr. and Mrs. H. G. Reynolds received in the dining-room and were assisted by Misses Frances Terrell, Little May Winstead, Belle Cave and Ethel Brooks. The delightful salad course luncheon was served here.

Mr. and Mrs. Thomas C. Leech presided at the punch table. With them were Miss Mildred Terrell and Mr. Frank Boone, Mr. and Mrs. Hal Corbett were in the arched doorway between the reception and rear halls.

Judge and Mrs. William Marble were in charge of the guest book. Some 250 guests were present. Mrs. Robert Orme, of Memphis, Tenn., and Joseph Boone, of Colorado Springs, Col., an aunt and uncle of the bride, were among the out-of-town guests.

The emblems of traditional luck in the bride's cake were cut, the needle by Miss Frances Terrell, the money by Mr. Calhoun Rieke and Miss Ethel Brooks, the button by Mr. Douglass Bingy, the ring by Miss Belle Cave. The bride's bouquet was caught by Miss Little May Winstead.

Mr. and Mrs. Province left at midnight for a bridal trip that will include Washington City and points east. The bride wore for her travel

costume a green cloth tailored suit, with a hat of contrast shades. They will be at home at 436 South Sixth street on their return. Their wedding gifts were most numerous and handsome.

State Machine Scored By Democrats

The present campaign is not manhood and patriotism are complete. It is a fight of the party and the people are all "dumb-driven cattle" to him, possessing neither private nor political rights which he is bound to respect, and beyond the means they afford for gratifying his greed for graft and lust for power employed to defeat the will of the people this fall.—Scinderson Gleason.

What the Fight Is.

The present campaign is not merely a fight between the "ins" and "outs," as the machine organs would have the people believe, says the Mayfield Monitor.

It is a fight of the people to dislodge the Frankfort machine, a well-organized lot of politicians, banded together for the purpose of controlling all the offices of the state and filling their capacious pockets from the state treasury.

And it is a fight that is much greater import to the people than they can at present realize because machine politics in Kentucky, as applied to the state is comparatively a recent thing, and it is hard for the people to understand its many evils and the great danger it is doing its perpetuation.

Machism represents all that is bad in politics. It is practical politics gone to seed. The greatest graft to the smallest number is the motto of the machine politician. States-

S.S.S. MADE FROM ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Cataracts, Sore and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

FINNS PAY BLESSIA FOR EXEMPTION FROM SERVICE

Bielingfors, Oct. 30.—The Diet today adopted by 101 votes to 91, the proposed appropriation of \$1,000,000 for a bi-annual compensation to the Russian government for the exemption of Finns from service in the Russian army. At the same time it is widely intimated that no further money for this purpose will be forthcoming, and it urged the emperor grand duke is to re-establish a national army of Finland. It is understood the emperor grand duke insisted personally upon this payment to which he considered that Finland's debt had been pledged.

When the Russian government in 1905 yielded to the stubborn resistance of the Finns and abandoned the conscription, the Diet sanctioned a compensatory payment which the government understood, was intended to be permanent. The Finns later obtained an autonomy, and there was considerable opposition to the payment of the installments of 1906 and 1907.

Hearst's Ambition.

Washington, Oct. 30.—William R. Hearst's real ambition, according to his friends at the national capital, is to succeed Thomas Collier Platt in the United States senate, and to that end he hopes to secure the control of a large majority of the assemblage who will be elected one week from next Tuesday. This explains also the peculiar alliance which he has formed with Herbert Parsons, leader of the New York county Republicans. The Hearst-Parsons alliance, Hearst's Washington lieutenants say, is operative throughout the state of New York, and means that many assemblages will be chosen who will support Hearst for the senate, but whether enough to obtain a majority for him on joint ballot remains to be seen.

Parsons is very anxious to defeat Tammany in New York city, and in consideration of Hearst's support has pledged assistance to Hearst in the latter's ambition to reach the United States senate, is the story that comes from New York through confidential channels.

BRUTAL MURDER

A GERMAN GIRL CALMLY CONFESSES TO THE CRIME.

Killed Her Fiance for the Sake of His Wealth, But Forgery Finally Caught Her.

Berlin, Oct. 31.—Confession of a crime of the most brutal character has been publicly made by Grete Boeler, a good looking girl of 22, the daughter of the late mayor of Brandenburg, Saxony. For cool deliberation on the part of the perpetrator, who soured her victim with a joke, the story is one almost without parallel in the criminal annals.

On May 11 a chief engineer named Preissler was found lying dead in the furnished room which he had rented in the great industrial center of Chemnitz. A bullet had passed through his head by way of the mouth, the revolver from which it had been fired was at his side, and appearance pointed to suicide. His landlady, however, insisted that the dead man had never possessed a firearm, but the police scolded at his assertion and came to the conclusion that he had taken his own life.

There the matter was allowed to rest. It was remarked at the time, an especially sad feature of the case, that Preissler was shortly to have been married, and among his papers was found a will leaving his entire possession to his fiancee. She, however, soon consulted herself with another over, a matchmaker named Merlet, living in Dresden, the property of her father's late son, and a few days ago she her mother, and a new lover were all taken into custody on a charge of forging the seal of a citizen of Freiburg. In connection with the accusation the long-sought, and a number of papers on his overcoat which suggested that he must have had a hand in the plot of his former lover.

After the girl's amazing confession further investigations were made with the result that she has been charged with a number of other crimes. It is alleged that she murdered several children and buried the bodies in her father's garden. She is suspected of a series of forgeries and was confessed to a charge of embezzling a friend's savings bank account of a large sum of money.

DON'T SWALLOW DRUGS FOR SKIN AFFECTION.

Discovery Proved That Skin Disease Exists in the Skin Only—Cure the Skin Through the Skin. The old method of trying to cure skin diseases by treatment through the blood by way of the stomach has now been given up by all scientists. It has been proved that the only sure way to relieve and cure skin disease is by treating the disease where the disease is.

The remedy discovered and used by Mr. DeGatur D. Dennis in his practice with such remarkable success in cases of Eczema, psoriasis, ring worm, in herpetic and other such diseases, and which he finally gave to the world under the name of D. D. D. Prescription is now effecting almost miraculous cures everywhere.

Thousands of people have written warm personal letters testifying to the wonderful results obtained by the use of this remedy, especially in connection with D. D. D. One valuable feature is that it acts all right and instantly, immediately relieving the patient of agony and suffering, while continuing its applications of a positive cure.

Just read this: "Yes, D. D. D. Prescription is the best remedy I have ever used for Eczema. It does all you claim for it, and I can't help being grateful to you. My son suffered with ring worm and could hardly stand for four months. His hair was coming out, something awful. All his hair came out, nothing would cure him. Then we bought D. D. D. Two bottles with your advice cured him and he has had no return. His hair came in thicker and healthier."

We carry D. D. D. in stock because we know it cures skin diseases. Come in and let us prove what it has done for others.

SHOT AND KILLED LAST NIGHT IN CAIRO SALOON.

Only One Eye Witness, But Is Expected to Appear Before Coroner.

Cairo, Ill., Oct. 31.—John R. Ford shot and killed Jim Lewis about 12 o'clock last night in the saloon of Newton Riddle, at the southeastern corner of Eighth street and Commercial avenue. Ford, proprietor of a saloon on Ohio street, Lewis was a salaried man, using a boat regularly between Cairo and East Cairo, Ill. The shooting was done in the room at Riddle's back of the bar. The only other witness to the act, besides Ford himself, was a Kentuckian who was with Lewis, but who ran out of the room immediately after the shooting and crossed the river in the skiff. He could not be seen or heard from last night, nor could his name be learned; but he is known by sight, and is expected to be here for the coroner's inquiry today.

"Wasn't it ever a piece before the company, after everbearing that odious Miss T. to say it always made her sick?" asked the friend.

"No, it was fun," answered the amateur elocutionist. "It was the keenest pleasure in the world to know I was making her sick."

COX CHOSEN

ANTI-SALOON LEAGUE FOR REPUBLICAN CANDIDATE.

South Trimble's Record Is Bad, But Us for Governor Sun Strike Your Pick.

Louisville, Oct. 31.—Charles L. Collins, superintendent of the Kentucky Anti-Saloon League, yesterday issued a statement which amounts to a practical endorsement of the Republican state ticket. The league unqualifiedly supports W. H. Cox, of Mason county, who is the Republican nominee for lieutenant governor, declaring that he has advocated and fought for temperance legislation throughout his career in the state legislature. On the other hand, it is pointed out that South Trimble's record shows him to be unfavorable to the cause of temperance.

It is said to be a question of honor between men on the two tickets as far as the governorship is concerned, and on that basis the Republicans have nothing to fear.

Royal Girl Disappears.

London, Oct. 29.—Barbara Lapotkin, daughter of Alexander Lapotkin, ex-governor of Reva, and whose mother is a Russian princess, has mysteriously disappeared in London and all the resources of the Russian embassy and Scotland yard are being employed to trace her. Miss Barbara, who is 18 years old, was visiting in London with her younger sister in charge of an English governess, Miss Russell. The trio went to the Aldwych theater October 21, and on coming out Barbara became separated from her companions and has not since been seen.

The governess has received a note in a handwriting which she recognizes as Barbara's, saying she had been kidnapped and was now a prisoner in the cellar of a house in the northwest part of London. The girl added that she was wounded and suffering so severely that she intended to poison herself. Miss Russell suggests that revolutionists planned the kidnapping of Barbara in order to bring her mother within their reach. He is now on his way to London.

The Russian officials think the girl was carried off for purposes of blackmail. The police are unable to imagine how a woman, 18 years old, could be carried off against her will in the crowded precincts of a theater.

CITY SALARIES ARE TO BE RAISED

Ordinances Are Given First Passage By Council

Will Meet Again Friday Night to Rush Them Through So Aldermen May Act at Once.

TRACTION LINE RIGHT OF WAY

Ordinances increasing salaries of city officials were given first passage by the board of councilmen, sitting in special session last night. The ordinances will be given second passage Friday night, when the board will meet in adjourned session. All ordinances were not completed and action had to be deferred on quite a number. Following are ordinances given first reading last night:

Ordinance raising patrolmen from \$60 to \$75 per month; city auditor from \$1,200 to \$1,500 per annum; mayor from \$1,800 to \$2,500 annually; city assessor, \$900 to \$1,000 per annum; city treasurer, \$1,800 to \$2,400; patrol wagon driver, \$60 to \$75 per month, and city detectives, \$60 to \$75 per month.

City patrolmen shall get \$55 per month for first six months' service, \$65 per month for the second six months and \$75 per month after one year's service.

City firemen shall receive instead of \$540 per annum, \$600. The ordinance was not passed on last night because of a defect in figura.

Ordinances not prepared by the solicitor follow: City physician, new committee clerk, fire department, captain of police, lieutenant and sergeant of police and license inspector.

Second passage was given the ordinance granting a right of way to the Southern Electric company to enter Paducah.

DOG FANCIERS WILL HAVE SPORT

Wonderful Attraction For Sportmen at La Center

Finest Bird Dog in the Country Will Participate in the Field Trials in Ballard.

A LOCAL ENTHUSIAST TALKS.

More than 400 dogs will be entered in the three bird trials events at La Center, beginning November 19, for purses aggregating over \$2,000. Mr. W. W. Booker, Jr., of Louisville, secretary of the Kentucky Field Trial association, has returned to Louisville after a conference with Paducah sportsmen, and states that from indications the biggest field trials ever held in the state will be pulled off at La Center next month.

Mr. Booker is one of the best known bird dog experts in the state, and is now in Mississippi, looking after entries of bird dogs from that state. While in Paducah he gave an idea of how many dogs would be entered in the five days trials, and the number is astonishing.

There will be three events. They are the Derby for setter and pointer pups, whelped on or after January 1, ready to go.

An Important Event.

"The public doesn't know what an important event this is going to be," declared Mr. W. E. Cochran, who was one of the several instrumental in bringing to La Center the trials. "We will have dogs here from all over the United States, dogs such as have never been seen in Paducah before. Some single dogs will run into the thousands of dollars in valuation."

Mr. M. M. Bardwell, of McHenry, president of the Kentucky Field Trial association, already has his dogs at Kevill in training. Because dogs might disturb the birds, ground and might disturb the birds, no dogs are permitted to run on the La Center grounds where the trials will be held.

Besides Mr. Bardwell's dogs, there are dogs from Illinois and Tennessee at Kevill in the hands of handlers who are training them hard.

On the return of Mr. Booker to Louisville, he will make out a program showing the full record of dogs, the names of handlers, breeders and owners. This is expected a few days before the trials begin.

School Notes.

Mrs. David Flournoy entertained the High school this morning with several vocal selections, and the en-

tertainment was greatly appreciated. Miss Mabel Mitchell was out of school yesterday on account of illness, and Miss Louise Janes, of the cadet class, substituted. Miss Mitchell teaches the sixth grade at Washington school, and was back this morning.

Sails 1,750 Miles Buderless.

Plymouth, Oct. 31.—The North German Lloyd steamer Kaiser Wilhelm der Grosse arrived this morning. The vessel steamed 1,750 miles without a rudder at an average speed of 18.66 knots. The day after the

breaking of the rudder the ship encountered a hurricane and had to roll the waves to lessen their violence. The passengers were not aware of the accident to the steering apparatus until 36 hours after. After the Kaiser Wilhelm had landed masts and passengers at Plymouth it proceeded for Cherbourg without assistance.
